

2026 IEEE 7th International Conference on COMPUTING AND BIG DATA

Theme: Data-Centric and AI-Driven Computing for Real-World Intelligence

September 28–30, 2026

Guiyang, Guizhou Province, China

<https://iccbd.org/>

Awards

Best Paper Award

Best Presentation Award

Best Reviewer Award

Best Organization Award

Outstanding Contribution Award

Track Application & Excellent Organization Award

To set a track under the conference scope, can gather the experts in a specific area from academic communication. If you are interested, you can write the application to the conference email.

The privileges for the organizer:

- organization award
- 1 free to attend the conference without registration fee

Topics (include but not limit)

Topic 1: Data-Centric Computing Architectures and Platforms

Topic 2: Big Data Analytics, Models and Algorithms

Topic 3: Visualization, Image Processing and Multimedia Analytics

Topic 4: Blockchain Technologies and Distributed Intelligent Systems

Topic 5: Networking, IoT and Cybersecurity for Big Data Systems

Topic 6: Intelligent Energy Systems and Smart Infrastructure Analytics

Topic 7: Big Data Science, Management and Governance

Topic 8: Big Data and Intelligent Computing for Education and Society

For more topics, please visit the webpage: <https://www.iccbd.org/cfp.html>

Conference Committee

Conference Chairs

Prof. Weihua Ou, Dean of the School of Big Data and Computer Science, Guizhou Normal University, China

Prof. Wenjun Xiao, Dean of the School of Physics and Electronic Science, Guizhou Normal University, China

Prof. Hongbing Wang, Guizhou Normal University, China

Executive Committee Chairs

Prof. Fei Long, Dean of the School of Artificial Intelligence and Electrical Engineering, Guizhou Institute of Technology, China

Prof. Xibin Wang, Dean of the School of Big Data, Guizhou Institute of Technology, China

Prof. Baicheng Ouyang, Dean of the School of Computer Science, Guiyang University, China

Conference Co-Chairs

Prof. Jianping Gou, Southwest University, China

Assoc. Prof. Zhi Wang, Southwest University, China

Program Chairs

Prof. Shaoning Zeng, University of Electronic Science and Technology of China, China

Prof. Heping Song, Jiangsu University, China

Prof. Jie Niu, Associate Dean of the School of Electronic Engineering, Changzhou College of Information Technology, China

Prof. Yanli Chen, Guizhou Normal University, China

Prof. Yong Yi, Chengdu University, China

Program Co-Chairs

Prof. Lan Du, Monash University, Australia

Assoc. Prof. Zhengjuan Zhou, Chengdu Technological University, China

Assoc. Prof. Taisong Xiong, Chengdu University of Information Technology, China

Regional Chairs

Prof. Jinhua Liu, Shangrao Normal University, China

Assoc. Prof. Yuan Yuan Huang, Chengdu University of Information Technology, China

Assoc. Prof. Hongxing Ma, North Minzu University, China

Submission

Submission Deadline: August 25, 2026

1. Full paper with at least 4 full pages or 5 pages (publication and presentation)
2. Abstract within 200-300 words (presentation only)
3. Submit paper online system:

<https://easychair.org/conferences/?conf=iccbd2026>

Send to mailbox: iccbd@academic.net

Invited Speaker Application

If you are a professor or an assoc. professor who are interested to share your research idea during the conference, you can write the application to the conference email.

Publication

Reviewed and registered papers after the appropriate presentation will be published as an **IEEE conference Proceedings**, which will be indexed by **EI Compendex**, **SCOPUS**, etc.

***ICCBD 2018-2023 proceedings has been successfully indexed by **EI Compendex** and **Scopus** already.

2026 IEEE 7th International Conference on Computing and Big Data
(ICCBD)

28 – 30 September 2026

2026 IEEE 7th International Conference on Computing and Big Data (ICCBD 2026) will be held on September 28–30, 2026, in Guiyang, China. The conference is sponsored by Guizhou Normal University and hosted by the School of Big Data and Computer Science, Guizhou Normal University. ICCBD 2026, themed "Data-Centric and AI-Driven Computing for Real-World Intelligence", aims to provide a high-level international forum for researchers and practitioners to present and discuss recent advances in computing and big data. The conference addresses emerging topics related to big data analytics, artificial intelligence, cloud and edge computing, and intelligent data-driven systems, with an emphasis on both theoretical foundations and practical applications.

Guizhou, China | Event Format: Hybrid (In-person and Virtual) | Conference Website | Email Organizer
Sponsors: Beijing Sectors, Guizhou Normal University
